My Life, Our Lives Roger Molina 2011-04-18 This autobiography is about a young man growing up during the great depression, who fought in WW2, came home and started a family, retired from the military, and pursued a second civilian career. You hear his frustration and joy in his own words as if he was speaking to us.

Snipers at Wadohn Walter 2017-05-30 Snipers at War is a detailed history and analysis of the equipment, tactics and personalities of the 'sniping world', from the pursuit of accuracy to latest electronic aids to observation and ranging. Technology and marksmanship from the Crimean War to the present day is examined in detail. The role of the sniper was largely ignored until the Winter War of 1939-40 between Finland and the USSR showed what could be achieved by specialist marksmen: Finn Simo Häyhä amassed 505 kills in less than a hundred days, a lesson learned by the Red Army to its cost. By the Germans invasion of 1941 the Russians were prepared: when the war ended, in addition to men such as Vasilij Zaytsev, a Stalingrad hero with 242 accredited kills, the USSR had trained more than 2000 women as snipers. After 1945, the sniper's reputation declined again. However, the Vietnam War, seemingly unending Middle Eastern conflict, internal strife in Sri Lanka, and ever-present urban threats have given new impetus not only to sniping but also to the development of new and more effective weaponry.

The Word Rhythm Dictionary Timothy Polashek 2014-04-18 This new kind of dictionary reflects the use of "rhythm rhymes" by rappers, poets, and songwriters of today. Users can look up words to find collections of words that have the same rhythm as the original and are useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Dylan and hip hop groups.

Made in Beverly Hills Ronn Kaiser 1986 Inspector Quintin Wing discovers that almost everyone in Hollywood had reason to murder movie producer Helene Daniels, and the list of suspects includes her sister and her lover's wife

Rifle Shooting Boy Scouts of America 1989-02 Outlines the requirements for the merit badge in rifle shooting and describes the techniques needed to fulfill them.

Petey (new cover) Ben Mikaelson 2010-06-22 In 1922, at the age of two, Petey's distraught parents commit him to the state's insane asylum, unaware that their son is actually suffering severe cerebral palsy. Bound by his wheelchair and struggling to communicate with the people around him, Petey finds a way to remain kind and generous despite the horrific conditions in his new "home." Through the decades, he befriends several caretakers but is heartbroken when each eventually leaves him. Determined not to be hurt again, he vows to no longer let hope, lifelong friends and family torment him. That changes after he is moved into a nursing home and meets a young teen named Trevor Ladd; he sees something in the boy and decides to risk friendship one last time. Trevor, new to town and a bit of a loner, is at first weary of the old man in the wheelchair. But after hearing more of his story, Trevor learns that there is much Petey than meets the eye. Petey is a touching story of friendship, discovery, and the uplifting power of the human spirit.

Survival Guns Mel Tappan 2009-11-01 When he wrote Survival Guns in 1979, Mel Tappan demonstrated that having the right weapons for securing food and providing personal defense is the key to sustaining life on an independent basis, whether or not a catastrophe occurs. This is even more true today. Survival Guns became the standard in its own time and went through several printings. When it finally went out of print, it graduated from a classic to a sought-after collector's item, because the principles and advice in this well-reasoned volume are sound and perennially valuable. Some new guns and some new calibers have become available since this book was first published, but its principles, advice, and value remain unchanged. Having more choices only increases the value of advice on how to choose what is best for you. As used copies of this book became harder and harder to find, Paladin received numerous requests to bring Tappan's classic back into print. We are pleased to make the most well-known survival firearms book ever published available once more to a new generation of concerned citizens facing the same threats Tappan chronicled during his lifetime. Survival Guns remains the definitive book for anyone interested in the practical use of firearms and related weapons for defense, food gathering, and predator and pest control under conditions of long-term, self-sufficient living.

American Rifleman 1944

The Peacemaker and Its Rival John E. Parsons 2014-02-18 This is the life story of the revered single action Colt?the first cartridge revolver adopted by the US Army and a favorite of frontiersmen and cowboys. Widely used from the Cheyenne War to the Battle of Britain, the Colt, or the Peacemaker as it was originally called in the trade, had many rivals, but it was a leader among weapons of its kind. John E. Parsons, an expert firearms historian, extensively researches the metallic cartridge revolver, giving readers a rare and remarkably insightful glimpse into the evolution, use, accuracy, importation, and availability of the gun. Full of facts but easily readable, The Peacemaker and Its Rivals includes chapters on: Antecedent revolvers? Multiball cartridges? Adoption of the Model ?P? Serial numbers and sales? Variations and target types? Patents and pirates? Volume of productions by calibers Parsons extensively compares and contrasts the Peacemaker to the Schofield Smith & Wesson and the Remington and other rivals and illustrates its significance in American history. With original photographs of many rare revolvers and guns, this is a must-have for firearms enthusiasts. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Shooting to Live with the One-Handed CAPT WILLIAM. A SYKES E FAIRBAIRN (CAPT ERIC.) 2018-08-14 Shooting to Live describes methods developed and practiced during an eventful quarter of a century and adopted by numerous police organization in the Far East and elsewhere. It covers everything from the purpose of the pistol, to selection, training, advanced methods and more! This book was the first time that fighting with firearms was clearly and explicitly disassociated from classical target/range shooting. The proven techniques displayed spawned most modern pistol techniques because of their simplicity and effectiveness. It is written as instruction to police forces in the methods of shooting (reflexive/instinctive) and training (realistic/challenging) that the author developed over two decades active service in Shanghai.

Let these boys of adventure guide you through danger, quests, hope and intrigue. For little boys and girls of all ages.

The Airgun from Trigger to Target V. Cardew 1995

Sixguns Elmer Keith 1961 "Over half a century has passed since I cut my teeth on an old .36 Navy Colt. For 40 years I have almost never been out of easy reach of a good sixgun. Thirty years I spent in the saddle, packing, punching cows and breaking saddle bones. The sixgun was worn just as regularly as my pants and many times was much more important to my existence. It pulled me out of several tight scrapes with wild horses, wilder cattle and some big game. Though I have witnessed several gun fights, have had guns pulled on me and have

been shot at several times, I have never had to use my gun on a man. Several times it was touch-and-go and perhaps only the current knowledge that I was both fast and accurate with sixgun saved me from being embroiled. Though I do not recommend a sixgun for big game, thirty head of big game have fallen to mine, including elk, bear, deer, cougar, mountain goat and javelina. I have also trailed up a great many big game animals of various species that were wounded by sportsmen and then I finished them off. No record was kept of these or the many coyotes, bobcats and lesser game, or the livestock I have had to kill." This classic includes the following chapters: Introduction I. History of the Sixgun II. Selecting the Handgun III. Learning To Shoot IV. Sixgun Sights V. Long Range Shooting VI. Game Shooting VII. Double Action Shooting VIII. Gun Rigs and Holsters IX. Quick Draw and Hip Shooting X. Gun Fighting XI. Revolver Versus Auto Pistol XII. Aerial and Trick Shooting XIII. Slip Shooting, Fanning, Cavalry Guns XIV. Loading and Management of Cap and Ball Sixguns XV. Repairs, Remodeling, Resighting XVI. A Bullet Chapter XVII. Cartridge Reloading XVIII. Selection of Cartridges XIX. Ornamentation, Barrel Lengths, Balance, Velocities XX. Care and Cleaning Supplement The Headless Horseman Mayne Reid 1866

45-70 Rifle Jack Behn 2011-07-01 "As the day of the .45-70 recedes further into history, Jack Behn's book will become firmly established in the literature of American firearms."--William Ruger, former president of Sturm, Ruger & Company: A historical look at the .45-70 cartridge and the firearms in which it was used" Features guns used in the late 1800s and throughout Civil War: From 1873 to 1898, the .45-70 was the official United States Army small arms cartridge. Gun makers developed new designs at a record pace to showcase the versatility of the cartridge for both military and sporting purposes. From the U.S. Springfield and Winchester to the Marlin and Ballard, firearms enthusiasts will discover a wealth of information pertaining classic rifles and the cartridge that made them famous. The history of the .45-70 cartridge and the associations that surround it are sure to delight collectors and historians alike.

Blue Book of Airguns Robert Beeman 2005 This revised 5th Edition, now expanded to over 400 pages in a larger 8 x 11 in. format, contains over twice as much information as previous editions. Featured in this 5th Edition are hundreds of digital images for most popular makes and models, making identification much easier. The Blue Book of Airguns contains both up-to-date 2005 airguns pricing information and detailed technical data on both today's high tech offerings and older, discontinued models. This includes domestic, foreign, and military airguns, model commemoratives, and major trademark antiques! Also included are some valuable editorials by Dr. Robert Beeman and noted airgun journalist Tom Gaylord, as well as an extensive pictorial glossary. The 5th Edition Blue Book of Airguns contains more useful and up-to-date information than any other single airgun publication.

The History Of Sniping And Sharpshooting John Plaster 2008-01-01 Thirty-six months in combat. Twenty-four years as a sniping instructor. Twenty years of exhaustive research, including decades spent seeking out hundreds of historic volumes long out of print, test-firing historic firearms, walking Revolutionary and Civil War battlefields with a laser rangefinder, and visiting military museums in the United States and Europe. Only Major John Plaster, author of the highly acclaimed The Ultimate Sniper, has the background and knowledge to bring you this authoritative history of sniping and sharpshooting - the first such book from a combat rifleman's unique perspective. In The History of Sniping and Sharpshooting, John Plaster has assembled the most comprehensive combat history ever published on the subject. It begins in the 15th century, with the first use of "precision" musket fire in Europe and continues into the 21st century with the significant role sniping is playing in the Iraq and Afghanistan and the global War on Terror. Detailing major engagements and minor skirmishes over five centuries of warfare, Plaster has unearthed hundreds of incidents where calculated precision rifle fire has changed the course of battles - and, sometimes, history. He fittingly addresses well-known sharpshooters and snipers - Hiram Berdan, Vasili Zaitsev, Carlos Hathcock - but also pays tribute to forgotten riflemen such as John Burns, Benjamin Forsyth and Arthur Wermuth, to name but a few. He also explains how the evolution of firearms and optical technology has intertwined with sniping on the battlefield and how it has influenced tactics, organizations, and capabilities - a subject that has never before been addressed adequately.

How Our Army Grew Wings Charles de Forest Chandler 1979

VW Camper Inspirational Interiors David Eccles 2009-05-01 One of the main attractions of the VW Bus, apart from its iconic looks and rugged reliability, is the way owners take the bus to heart and into their family, and set about personalizing them through both exterior and interior design and styling. Designing and building [or commissioning] an interior that will service your own needs is a daunting yet exciting task, and within these pages you will find many different sorts of interior to admire and inspire. Some have been built on a budget from scratch by the owner, some have been adapted and revamped, others are bespoke one-offs, built to the owner's designs. Whatever your taste in camper design, there will be something to amaze and inspire in the pages of VW Camper Inspirational Interiors.

Toy Guns David L. Carter 1990-06-01 Documents the number of crimes committed by persons using imitation guns, and the number of confrontations by police with persons who had imitation guns which were either thought to be or purported to be real. Discusses a law passed by Congress which stated that there must be definitive markings on toy and imitation guns to minimize the probability that they be mistaken for real guns. Appendixes: final rule on toy firearm markings, news sources reviewed for toy gun incidents, survey responses by Census Bureau and more. Charts and tables.
