In My RoomRobert Benton 2018-05 The fruit of fantastic recent discoveries from Saul Leiter's vast archive, In My Room provides an in-depth study of the nude, through intimate photographs of the women Leiter knew. Shot in his personal interior spaces, often illuminated by the lush natural light of the artist's studio in New York City's East Village, these black-and-white images reveal a unique type of collaboration between Leiter and his subjects. In the past, Leiter planned to make a book of nudes, but the project was never realized in his lifetime. Now, we get a first-time look at this body of work, which was begun on Leiter's arrival in New York in 1946 and honed over the next 50 years. Leiter, who was also a painter, allows abstract elements into the photographs and often shows the influence of his favorite artists, including Bonnard, Vuillard and Matisse. Leiter, who painted and took pictures prolifically until his death, worked in relative obscurity until he entered his eighties. He preferred to be left alone, and resisted any type of explanation or analysis of his work. With In My Room, Leiter ushers viewers into his private world while maintaining a strong sense of mystery. Saul Leiter was born in Pittsburgh in 1923. In 1946 he moved to New York to become a painter, but was encouraged to pursue photography by the photographic experimentation and influence of his Abstract Expressionist Richard Pousette-Dart. Leiter subsequently enjoyed a successful career as a fashion photographer spanning three decades, and his images were published in magazines such as Esquire, Harper's Bazaar, and British Vogue. His work is held in many prestigious private and public collections, including The Museum of Modern Art, New York, the Whitney Museum of American Art and the Victoria and Albert Museum. Leiter died in November 2013.

Vivian MaierJohn Maloof 2012-10-30 Please note that all blank pages in the book were chosen as part of the design by the publisher. A good street photographer must be possessed of many talents: an eye for detail, light, timing, composition; impeccable timing; a populist or humanitarian outlook; and a tireless ability to constantly shoot, shoot, shoot, and never miss a moment. It is hard enough to find these qualities in trained photographers, yet Vivian Maier's benefit of schooling and mentors and a community of fellow artists and aficionados supporting and rewarding their efforts. It is incredibly rare to find it in someone with no formal training and no network of peers. Yet Vivian Maier, of these things, a professional nanny, who from the 1950s until the 1990s took over 100,000 photographs worldwide—from France to New York City to Chicago and dozens of other countries—and yet showed the results to no one. Her photos are amazing both for the breadth of the work and for the high quality of the humorous, moving, beautiful, and raw images of all facets of city life in America's post-war golden age. It wasn't until local historian John Maloof purchased a box of Maier's negatives from a Chicago auction house and began collecting and championing her marvelous work just a few years ago that any of it saw the light of day. Presented here for the first time in print.

Maier: Street Photographer collects the best of her incredible, unseen body of work.
