Groundwater Law and Management in India Sarfaraz Ahmed Khan 2021-07-23 This book presents a comprehensive analysis of the existing nature of India's groundwater laws. In the backdrop of the gravity of groundwater crisis that threatens to engulf the country, the book examines the correlation between the imperfections in the law and water crisis and advocates a reform agenda to overhaul the legal framework. It accomplishes this objective by examining how some of the States and Union Territories regulate and manage groundwater through the legal instrumentality against the backdrop of the two conflicting paradigms: the "elitist" and the "egalitarian." The book's fundamental premise is that despite being an extraordinarily critical resource that supports India's burgeoning population's ever-increasing water demands, groundwater is abused and mismanaged. The key argument that it posits is that the elitist paradigm must give way to an egalitarian one where groundwater is treated as a common property resource. To place this message in perspective, the book's introduction explains the dichotomy between the two paradigms in the context of groundwater. This sets the stage, after which the book is divided thematically into three parts. The first part deals with some of the general groundwater management concerns brought to the fore by the operation of the elitist paradigm. Since water is constitutionally a State subject, the second part analyses the groundwater legislations of different States and Union Territories set against their unique circumstances. As these laws do not dismantle the elitist paradigm that interlocks groundwater rights to land rights, the next part articulates the legal reform agenda where a case is made to re-engineer groundwater laws to reflect a more sustainable basis. The findings and arguments resonate with the situation in many developing countries around the world due to which the book is a valuable resource for researchers across disciplines studying this area, and also for policy makers, think tanks, and NGOs. Groundwater Management–Inter-state Water Conflicts–Aquifers–Water Markets–Water Security–Water Law Reform–Groundwater Law–Water Law–Sustainable Development–Hydrology

Students and Teachers, make use of it.

TITANIC GODS OF TAMIL NADU, INDIA S. Sugumaran 2021-05-07 The Greeks introduced the Titans to the world. Yet, there never was (or is) a temple for the Titanic Gods in Greece. Surprising isn't it? At the same time, the readers will find more than one temple for most of the Titans in Tamil Nadu. The author takes the readers into a journey of the world of Titans in a strange land. Is not this perplexing? A shocking revelation is the Greek Olympians forming a core of divinity in Tamil Nadu. No explanation is provided for this by the author, though. The genealogy of Gods in Tamil Nadu (evidently drawn from the Greek Texts) provides a solid relationship between the seemingly unrelated Gods In India. Sometimes, a female Greek Goddess is transformed into a male Hindu God. A genealogy of Asuras is also provided to scientifically explain some of the events in the Puranas. This lead the author, a known Euhemerist, to deviate a little from the original texts of Puranas wherever it was necessary. The author, a devout Hindu, firmly believes the Epics and Puranas of Hinduism are very real. A special care has been taken to explain the nature of the birth and worship of Ganesha and Murugan in Tamil Nadu. It is thought the readers are in for a shock or two while reading the stories. And also, a real suspense hangs in the balance regarding the stories of ancient Tamil Sangams, the Sptarishis, the Chera, Chola, Pandiya dynasties of Tamil Nadu. For the author, it was a wonderful experience and a great pleasure to write about the Gods and their age old temples in Tamil Nadu.

The Rise of Tamil Separatism in Sri Lanka Gnanapala Welhengama 2014-03-05 Among the examples of civil wars, armed secessionist movements and minority uprisings in the world today, many involve conflict between a minority group's aim for political self-determination, and the nation state's resistance to any diminution of sovereignty. With the expansion of the international regime of human rights, minority groups have reconceptualised their struggle with the understanding that a minority which is linguistically, religiously or ethnically distinctive is entitled to self-determination if their aspirations cannot be met. This book explores the relationship between minority rights, self-determination and secession within international law, by contextualising these issues in a detailed case study of the rise of Tamil separatism in Sri Lanka. Welhengama and Pillay show how Tamil communalism hardened into secession and assess whether the Sri Lankan government has met its obligations with respect to the right to self-determination short of secession. Focusing on the legal and human rights arguments for secession by the Tamil community of the North and East of Sri Lanka, the book demonstrates how the language

movement, known as the Hindu Rights Action Force (HINDRAF), in 2007. The author shows that activist lawyers and Indian mobilisers played a crucial part in organizing a civil disobedience strategy of framing grievances as political rights and using the law as a site of contention in order to claim legal rights through strategic litigation. Highly interdisciplinary in nature, this book will be of interest to scholars and researchers examining the role of the law and rights in areas such as sociolegal studies, law and society scholarship, law and the postcolonial, social movement studies, migration and labour studies, Asian law and Southeast Asian Studies.

Camp Life of Sri Lankan Refugees in India Arockiam Kulandai 2021-09-29 This book looks at the mass migration of refugees into India during the Sri Lankan civil war, the lives of the displaced people in refugee camps and the politics around the issue. It analyses the citizenship policies in India and the social, economic, psychological, political and legal implications of the laws on the lives of Tamil refugees. The book examines the protracted refugee situations in other parts of the globe to build a comparative case study of the Sri Lankan refugees. It delves into the stories and lives of these people in their home country before the war, the crisis and trauma of war, and the experience of living in refugee camps. The volume looks at the role played by the state government of Tamil Nadu, the Indian government and NGOs towards the protection of these refugees and state of facilities for health, safety, education, among others in the camps. It also discusses the possibility of integration and solutions like voluntary repatriation or the granting of citizenship for the people living in these camps. This book will be a useful resource for scholars and researchers of refugee and border studies, human rights, political studies, international relations, political sociology, peace and conflict studies, war and strategic studies, and South Asian studies.

The Indian Constitution and Social Revolution V. Krishna Ananth 2015-01-13 This book highlights the evolution of India's Constitution into a tool for social revolution, tracing the various stages through which the law on the Right to Property and its relationship with the idea of socialism—as laid out in Parts III and IV of the Constitution—have evolved. It underlines that the road to social revolution has been marked by a process where attempts to give effect to the idea of justice—social, economic, and political—as laid down in the Preamble have achieved a measure of success. If the Constitution, including the Preamble, is to be viewed as a contract that the people of India had entered into with the political leadership of the times and the judiciary being the arbitrator to ensure justice, it may be held that the scheme has worked. This book traces this history by placing the judicial and legislative measures in the larger context of the political discourse.

Periyar II - Breaking brahmin nazism and transforming tamil mindsets

Muslim Identity, Print Culture, and the Dravidian Factor in Tamil Nadu J. B. Prashant More 2004 This work is an original attempt to study the influence of print technology on the Muslims of Tamil Nadu and their literature. It is based on the literary works published by the Tamil Muslims from 1835, when restrictions on printing were removed, to 1920 when they participated in the Khilafat movement. By extension, the study of this literature becomes a study of the origin, society, and identity of the Tamil Muslims.

Ritualizing on the Boundaries Fred W. Clothey 2006 In his comparative study of four Tamil resettlements, Clothey

examines the rituals that have traveled with these South Indian communities - Hindu, Muslim, and Christian - and how these practices perpetuate or modify the heritages these groups claim for themselves in their new environs. Clothey looks specifically at settlements in the cities of Kuala Lumpur, Malaysia; Singapore; Mumbai, India; and Pittsburgh, Pennsylvania. Describing such settlements as communities living on boundaries, Clothey explores how their existence illustrates divisions between ethnic, local, and global identities; between generations; and between imagined pasts and uncertain futures. He contends that one of the most visible ways expatriated communities negotiate these boundaries is through the use of ritual - the building of shrines and temples, the use of festivals and performances, and the enactment of ancient ceremonies.

Textbook For Environmental Laws - Part 2 Dr. Shaikh Ahmad Shaikh Ismail The book extensively covers the law relating to this field along with necessary international conventions and Jurisprudence evolved by the Indian Judiciary and is a useful reference for practicing lawyers, academicians, law students, social activists and researchers. The Environmental Law in India is a comprehensive and exhaustive publication on the field of Environmental Law. The Book exhaustively deals with the constitutional mandate for environmental protection, judicial review of decisions.

JAYALALITHAA WEALTH CASE: TRIAL COURT JUDGEMENT – VOLUME TWO S. PADMAVATHI, D.G. HARIPRASATH 2020-10-20 “JAYALALITHAA WEALTH CASE: TRIAL COURT JUDGEMENT” (VOLUME TWO) : This is a digitised, unabridged, and the original version of Jayalalithaa Wealth Case. Miss. Jayalalithaa, the six-times Chief Minister of Tamil Nadu, India, was accused of misusing her office during her first tenure i.e. 1991-96. Thereafter she and three others were charged over amassing properties worth nearly 66 crore INR; 3000 acres worth assets inclusive of farm houses and bungalows, agricultural lands and private firms, vineyards and tea estates in Tamil Nadu and Hyderabad; moveable assets included 800 kg silver, 28 kg gold, 750 pair of shoes, 10,500 saris, 91 watches, and other valuables. The Karnataka Trial Court Judgement ended in their conviction on 27th September 2014; the High Court of Karnataka acquitted all of them from all the charges through its judgement on 11th May 2015; ironically “the Sword of Damocles” fell on Jayalalithaa (after her death on 6/12/2016) and three others through the Judgement of Supreme Court of India on 15th February 2017 in which the order, the conviction, and the sentence of the trial court was restored in full and the judgement of Karnataka High Court was set-aside. While the appeals relate to Miss. Jayalalithaa, she having expired meanwhile, stand abated, the remaining three accused are to meet the cold hands of Justice. This series of Judgements of Trial Court, High Court, and Supreme Court expose the finer aspects of this protracted litigation involving high profile people in the annals of Indian Legal History.

The State, Democracy and Anti-Terror Laws in India Ujjwal Kumar Singh 2007-01-12 This book examines the implications for Indian society and politics of laws that are made to tackle events and situations out of the ordinary. By reviewing public debates, comparing specific clauses of the laws and noting how they have been interpreted over time in judicial pronouncements, the author: shows how notions like nation, national identity and patriotism get entrenched in discourses on terrorism, conspiracy and national security; observes how extraordinary measures become 'normal' and acquire a place of permanence in the practices of the state; and concludes that extra-ordinary laws serve as instruments through which the hegemonic structures of the nation state are maintained.

Tamil Natu Tolilalar Turai Ceytiyital. Tamil Nadu Labour Journal

Everyday Ethnicity in Sri Lanka Daniel Bass 2013 Focusing on notions of diaspora, identity and agency, this book examines ethnicity in war-torn Sri Lanka. It highlights the historical development and negotiation of a new identification of Up-country Tamil amidst Sri Lanka's violent ethnic politics. Over the past thirty years, Up-country (Indian) Tamils generally have tried to secure their vision of living within a multi-ethnic Sri Lanka, not within Tamil Eelam, the separatist dream that ended with the civil war in 2009. Exploring Sri Lanka within the deep history of colonial-era South Asian plantation diasporas, the book argues Up-country Tamils form a "diaspora next-door" to their ancestral homeland. It moves beyond simplistic Sinhala-Tamil binaries and shows how Sri Lanka's ethnic troubles actually have more in common with similar battles that diasporic Indians have faced in Fiji and Trinidad than with Hindu-Muslim communalism in neighbouring India, Pakistan and Bangladesh. Shedding new light on issues of agency, citizenship, displacement and re-placement within the formation of diasporic communities and identities, this book demonstrates the ways that culture workers, including politicians, trade union leaders, academics and NGO workers, have facilitated the development of a new identity as Up-country Tamil. It is of interest to academics working in the fields of

modern South Asia, diaspora, violence, post-conflict nations, religion and ethnicity.

Industrial Relations and Labour Laws, 6th Edition S.C. Srivastava 2012 The sixth revised edition of Industrial Relations and Labour Laws captures the significant developments that have taken place in the realm of labour laws and industrial relations in the recent past. The most notable development in the legislative sphere is the amendment in the Industrial Disputes Act, 1947 in 2010. In the judicial sphere, there has been a marked shift in the approach of the Indian judiciary in the area of discipline and disciplinary procedure. Moreover, new norms/principles have been evolved to determine the classification of a person as a workman, provide relief in case of illegal/wrongful termination of service of workmen, determine notice period for strike/lock-out in public utility services and for regularization of services of daily, temporary, casual or contract workers. Extensively revised and updated in line with the changes in the law, this edition also gives a new and more holistic dimension to the subject of labour--management relations. • Part I provides the contextual and constitutional framework of labour law and an overview of industrial relations. • Part II deals with the trade union movement, employers' organizations and laws relating to trade unions, collective bargaining, unfair labour practices and victimization. • Part III deals with regulation of industrial disputes, persuasive, coercive and voluntary processes for settlement of industrial disputes, grievance procedure, government's power of reference, laws relating to instruments of economic coercion, management of discipline, laws relating to change in conditions of service and lay-off, retrenchment, transfer and closure. • Part IV examines laws relating to standing orders. • Part V is on workers' participation in management. This edition will serve as a comprehensive textbook for students of LLB, LLM, MBA, MSW, MPA, CS, and masters and diploma programmes in personnel management, industrial relations and labour law. It is indispensable for personnel managers, law officers, lawyers, trade union officials/ members, officials of labour department and members of the labour judiciary.

Tamil Nadu and Pondicherry: Coastal Area Assessment - A Post Tsunami Study on Coastal Conservation and Regulation
The Making of Indian Secularism N. Chatterjee 2011-01-26 A unique study of how a deeply religious country like India acquired the laws and policies of a secular state, highlighting the contradictory effects of British imperial policies, the complex role played by Indian Christians, and how this highly divided community shaped its own identity and debated that of their new nation.
