Unzipped Lauren Blakely 2019-01-14 Wanted: Dating coach to help hot nerd win back the woman of his dreams... Picture this - I'm ready to win back the love of my life, and I'm going big this time. We're talking boom box, sing her name in the rain, let the whole damn neighborhood know I'm good and ready this time around. After all, if you're going to grand gesture the ever-loving hell out of a second chance, you need to pull out all the stops. There's only one little problem. My college girlfriend isn't the one who shows up when I play my "I'll do anything to win you back" card. The woman who flings open the second-floor window tells me my ex doesn't live here anymore. But she'll help me win her back. Anything for romance, anything for a guy so willing to go big for love. And that's what I want at first. Until I get to know my new "romance coach" and discover she's funny, clever, and keeps me on my toes. And boy, do I ever need that. Now I don't want to win anyone else's heart. I want the woman who's been helping me all along. Trouble is - she thinks I'm in love with someone else, and when we take off on a road trip, everything I think I know about women is about to be unzipped and turned inside out. *Unzipped is a standalone spinoff in the Lucky in Love series of standalones*

Capitalist Nigger Chika Onyeani 2012-03-27 Capitalist Nigger is an explosive and jarring indictment of the black race. The book asserts that the Negroid race, as naturally endowed as any other, is culpably a non-productive race, a consumer race that depends on other communities for its culture, its language, its feeding and its clothing. Despite enormous natural resources, blacks are economic slaves because they lack the 'devoted care' attitude and the 'killer instinct' of the Caucasian, as well as the spider web mentality of the Asian. A Capitalist Nigger must embody ruthlessness in pursuit of excellence in his drive towards achieving the goal of becoming an economic warrior. In putting forward the idea of Capitalist Nigger, Chika Onyeani charts a road to success whereby black economic warriors employ the 'Spider Web Doctrine' - discipline, self-reliance, ruthlessness - to escape from their victim mentality. Born in Nigeria, Chika Onyeani is a journalist, editor and former diplomat.
