To Sell Is Human Daniel H. Pink 2012-12-31 Look out for Daniel Pink's new book, *When: The Scientific Secrets of Perfect Timing* #1 New York Times Business Bestseller #1 Wall Street Journal Business Bestseller #1 Washington Post Bestseller From the bestselling author of *Drive* and *A Whole New Mind*, and teacher of the popular MasterClass on Sales and Persuasion, comes a surprising--and surprisingly useful--new book that explores the power of selling in our lives. According to the U.S. Bureau of Labor Statistics, one in nine Americans works in sales. Every day more than fifteen million people earn their keep by persuading someone else to make a purchase. But dig deeper and a startling truth emerges: Yes, one in nine Americans works in sales. But so do the other eight. Whether we're employees pitching colleagues on a new idea, entrepreneurs enticing funders to invest, or parents and teachers cajoling children to study, we spend our days trying to move others. Like it or not, we're all in sales now. *To Sell Is Human* offers a fresh look at the art and science of selling. As he did in *Drive* and *A Whole New Mind*, Daniel H. Pink draws on a rich trove of social science for his counterintuitive insights. He reveals the new ABCs of moving others (it's no longer "Always Be Closing"), explains why extraverts don't make the best salespeople, and shows how giving people an "off-ramp" for their actions can matter more than actually changing their minds. Along the way, Pink describes the six successors to the elevator pitch, the three rules for understanding another's perspective, the five frames that can make your message clearer and more persuasive, and much more. The result is a perceptive and practical book--one that will change how you see the world and transform what you do at work, at school, and at home.

Objections Jeb Blount 2018-06-13 There are few one-size-fits-all solutions in sales. Context matters. Complex sales are different from one-call closes. B2B is different than B2C. Prospects, territories, products, industries, companies, and sales processes are all different. There is little black and white in the sales profession. Except for objections. There is democracy in objections. Every salesperson must endure many NOs in order to get to YES. Objections don't care or consider: Who you are What you sell How you sell If you are new to sales or a veteran If your sales cycle is long or short - complex or transactional For as long as salespeople have been asking buyers to make commitments, buyers have been throwing out objections. And, for as long as buyers have been saying no, salespeople have yearned for the secrets to getting past those NOs. Following in the footsteps of his blockbuster bestsellers *Fanatical Prospecting* and *Sales EQ*, Jeb Blount's *Objections* is a comprehensive and contemporary guide that engages your heart and mind. In his signature right-to-the-point style, Jeb pulls no punches and slaps you in the face with the cold, hard truth about what's really holding you back from closing sales and reaching your income goals. Then he pulls you in with examples, stories, and lessons that teach powerful human-influence frameworks for getting past NO - even with the most challenging objections. What you won't find, though, is old school techniques straight out of the last century. No bait and switch schemes, no sycophantic tie-downs, no cheesy scripts, and none of the contrived closing techniques that leave you feeling like a phony, destroy relationships, and only serve to increase your buyers' resistance. Instead, you'll learn a new psychology for turning-around objections and proven techniques that work with today's more informed, in control, and skeptical buyers. Inside the pages of *Objections*, you'll gain deep insight into: How to get past the natural human fear of NO and become rejection proof The science of resistance and why buyers throw out objections Human influence frameworks that turn you into a master persuader The key to avoiding embarrassing red herrings that derail sales calls How to leverage the "Magical Quarter of a Second" to instantly gain control of your emotions when you get hit with difficult objections Proven objection turn-around frameworks that give you confidence and control in virtually every sales situation How to easily skip past reflex responses on cold calls and when prospecting How to move past brush-offs to get to the next step, increase pipeline velocity, and shorten the sales cycle The 5 Step Process for Turning Around Buying Commitment Objections and closing the sale Rapid Negotiation techniques that deliver better terms and higher prices As you dive into these powerful insights, and with each new chapter, you'll gain greater and greater confidence in your ability to face and effectively handle objections in any selling situation. And, with this new-found confidence, your success and income will soar.

The Only Sales Guide You'll Ever Need Anthony Iannarino 2016-10-11 The USA Today bestseller by the star sales speaker and author of *The Sales Blog* that reveals how all salespeople can attain huge sales success through strategies backed by extensive research and experience. Anthony Iannarino never set out to become a salesman, let alone a sales manager, speaker, coach, or writer of the most prominent blog about the art and science of great selling. He fell into his profession by accident, as a day job while pursuing rock-and-roll stardom. Once he realized he'd never become the next Mick Jagger, Iannarino turned his focus to a question that's been debated for at least a century: Why are a small number of salespeople in any field hugely successful, while the rest get mediocre results at best? The answer is simple: it's not about the market, the product, or the competition—it's all about the seller. And consequently, any salesperson can sell more and better, all the time. Over twenty-five years, Iannarino has boiled down everything he's learned and tested into one convenient book that explains what all successful sellers, regardless of industry or organization, share: a mind-set of powerful beliefs and a skill-set of key actions, including... ·Self-discipline: How to keep your commitments to yourself and others. ·Accountability: How to own the outcomes you sell. ·Competitiveness: How to embrace competition rather than let it intimidate you. ·Resourcefulness: How to blend your imagination, experience, and knowledge into unique solutions. ·Storytelling: How to create deeper relationships by presenting a story in which the client is the hero and you're their guide. ·Diagnosing: How to look below the surface to figure out someone else's real challenges and needs. Once you learn Iannarino's core strategies, picking up the specific tactics for your product and customers will be that much easier. Whether you sell to big companies, small companies, or individual consumers, this is the book you'll turn to again and again for proven wisdom, strategies, and tips that really work.

Selling Boldly Alex Goldfayn 2018-03-12 WALL STREET JOURNAL BESTSELLER! IF YOU'RE IN SALES, FEAR HAS COST YOU MILLIONS OF DOLLARS, AND THIS BOOK IS FOR YOU. Fear is the reason most salespeople don't like to pick up the phone (salespeople average just four hours per week on the phone, and our job is to talk to humans!). Fear is the reason we don't ask for the business more, even though our customers want to buy from us. Fear is the reason we don't offer our customers additional products and services, even though they would love to buy more from us. This book deals with that fear. You will learn exactly how to overcome this destructive fear in sales, and replace it with confidence, optimism, gratitude, joy, and proactive sales work. These are the powerful principles in the new field of positive psychology which are transforming how we work and succeed. *Selling Boldly* is the first book that leverages positive psychology to help you sell more. You'll also learn a series of fast, simple sales-growth techniques—like how to add on to existing orders; and how to close 20% more quotes and proposals instantly; and how to properly ask for and receive referrals—that will grow your sales...dramatically and quickly. Alex Goldfayn's clients grow their sales by 10-20% annually, every year, as long as they apply his simple approaches. YOU ALREADY KNOW WHAT TO DO I am not going to teach you much in this book that you don't already know. You're a professional salesperson. You do this for a living. You know, for example, that testimonials and referrals are among the best ways we have to grow sales, right? But do you ask for them enough? Most people don't. You know that calling a customer on the phone is more effective than emailing her, but you still often revert to email. You know your customers buy other products and services that you can help them with, but you don't ask them about these products. You'd like to help them, and they would like more of your help – that is why they've been with you for five or ten or twenty years – but nevertheless we don't ask them. There is a difference between knowing what to do, and actually doing it. I know you know. With *Selling Boldly*, we start to do what we already know. We will cover what keeps us from doing these things (fear), how to overcome it (by listening to your happy customers), and how to implement these simple but powerful sales growth techniques (by briefly planning them, also doing them). Because sales growth comes from doing, not knowing. Today, we start doing. And growing. These approaches are laid out in this book, in precise detail, for you to implement in your own work. Alex doesn't hold anything back in this manual for selling more. What's the secret to selling more? There is no secret. There is no magic bullet. There is only the work. There are only the mindsets, and the communications. In *Selling Boldly*, Alex teaches readers how to attain these mindsets, and how to implement these communications, so that sales have no choice but to grow!
