*Vittorio De Sica Stephen Snyder 2000-01-01 Recognized as a master of Italian cinema, Vittorio De Sica is perhaps best known and most respected for his critically acclaimed neorealist films of the period 1946-55. As this anthology reveals, however, his production was remarkably multifaceted. The essays included here - some newly commissioned, some reprinted, and others in translation - look at De Sica's varied career from many perspectives. Structured chronologically, the volume begins by introducing readers to De Sica's early popularity as an actor and singer during the years of Italian Fascism, and to his initial directorial efforts before the end of World War II. It was not until the postwar era, however, that De Sica made his mark in film history. Special attention is given to this critical phase of his career, which encompasses the neorealist films that made him famous: "Shoeshine", "Bicycle Thieves", "Miracle in Milan", and "Umberto D." When the neorealist movement waned after 1955, De Sica returned to his roots in Neapolitan comedy for a series of commercially successful films starring Sophia Loren and Marcello Mastroianni. Memorable works from this period include "Two Women" and "Marriage Italian Style" as well as "Yesterday, Today, and Tomorrow", which won De Sica an Academy Award in 1965. In one of his final films, "The Garden of the Finzi Continis", he returned to the subject of World War II and to the human tragedy characteristic of his best neorealist productions. This fine anthology offers a comprehensive critical survey that covers the entire scope of De Sica's career, and is an excellent resource for students, critics and film enthusiasts.*

*Mock Politeness in English and Italian Charlotte Taylor 2016-10-06 This volume presents an in-depth analysis of mock politeness, bringing together research from different academic fields and investigating a range of first-order metapragmatic labels for mock politeness in British English and Italian. It is the first book-length theorisation and detailed description of mock politeness and, as such, contributes to the growing field of impoliteness. The approach taken is methodologically innovative because it takes a first-order metalanguage approach, basing the analysis on behaviours which participants themselves have identified as impolite. Furthermore, it exploits the affordances of corpus pragmatics, a rapidly developing field. Mock Politeness in English and Italian: A corpus-assisted metalanguage analysis will be of interest to scholars and postgraduate students researching im/politeness and verbal aggression, in particular those interested in im/politeness implicatures and non-conventional meanings.*

*Towards a New Standard Massimo Cerruti 2017-01-11 In many European languages the National Standard Variety is converging with spoken, informal, and socially marked varieties. In Italian this process is giving rise to a new standard variety called Neo-standard Italian, which partly consists of regional features. This book contributes to current research on standardization in Europe by offering a comprehensive overview of the re-standardization dynamics in Italian. Each chapter investigates a specific dynamic shaping the emergence of Neo-standard Italian and Regional Standard Varieties, such as the acceptance of previously non-standard features, the reception of Old Italian features excluded from the standard variety, the changing standard language ideology, the retention of features from Italo-Romance dialects, the standardization of patterns borrowed from English, and the developmental tendencies of standard Italian in Switzerland. The contributions investigate phonetic/phonological, prosodic, morphosyntactic, and lexical phenomena, addressed by several empirical methodologies and theoretical vantage points. This work is of interest to scholars and students working on language variation and change, especially those focusing on standard*

languages and standardization dynamics.

*Imagining the Woman Reader in the Age of Dante* Elena Lombardi 2018-06-05 *Imagining the Woman Reader in the Age of Dante* brings to light a new character in medieval literature: that of the woman reader and interlocutor. It does so by establishing a dialogue between literary studies, gender studies, the history of literacy, and the material culture of the book in medieval times. From Guittone d'Arezzo's piercing critic, the 'villainous woman', to the mysterious Lady who bids Guido Cavalcanti to write his grand philosophical song, to Dante's female co-editors in the *Vita Nova* and his great characters of female readers, such as Francesca and Beatrice in the *Comedy*, all the way to Boccaccio's overtly female audience, this particular interlocutor appears to be central to the construct of textuality and the construction of literary authority. This volume explores the figure of the woman reader by contextualizing her within the history of female literacy, the material culture of the book, and the ways in which writers and poets of earlier traditions imagined her. It argues that these figures are not mere veneers between a male author and a 'real' male readership, but that, although fictional, they bring several advantages to their vernacular authors, such as orality, the mother tongue, the recollection of the delights of early education, literality, freedom in interpretation, absence of teleology, the beauties of ornamentation and amplification, a reduced preoccupation with the fixity of the text, the pleasure of making mistakes, dialogue with the other, the extension of desire, original simplicity, and new and more flexible forms of authority.

*Translating Style* Tim Parks 2014-06-03 Arising from a dissatisfaction with blandly general or abstrusely theoretical approaches to translation, this book sets out to show, through detailed and lively analysis, what it really means to translate literary style. Combining linguistic and lit crit approaches, it proceeds through a series of interconnected chapters to analyse translations of the works of D.H. Lawrence, Virginia Woolf, James Joyce, Samuel Beckett, Henry Green and Barbara Pym. Each chapter thus becomes an illuminating critical essay on the author concerned, showing how divergences between original and translation tend to be of a different kind for each author

depending on the nature of his or her inspiration. This new and thoroughly revised edition introduces a system of 'back translation' that now makes Tim Parks' highly-praised book reader friendly even for those with little or no Italian. An entirely new final chapter considers the profound effects that globalization and the search for an immediate international readership is having on both literary translation and literature itself.

Translating Children's Literature Gillian Lathey 2015-07-24 *Translating Children's Literature* is an exploration of the many developmental and linguistic issues related to writing and translating for children, an audience that spans a period of enormous intellectual progress and affective change from birth to adolescence. Lathey looks at a broad range of children's literature, from prose fiction to poetry and picture books. Each of the seven chapters addresses a different aspect of translation for children, covering: · Narrative style and the challenges of translating the child's voice; · The translation of cultural markers for young readers; · Translation of the modern picture book; · Dialogue, dialect and street language in modern children's literature; · Read-aloud qualities, wordplay, onomatopoeia and the translation of children's poetry; · Retranslation, retelling and reworking; · The role of translation for children within the global publishing and translation industries. This is the first practical guide to address all aspects of translating children's literature, featuring extracts from commentaries and interviews with published translators of children's literature, as well as examples and case studies across a range of languages and texts. Each chapter includes a set of questions and exercises for students. *Translating Children's Literature* is essential reading for professional translators, researchers and students on courses in translation studies or children's literature.

Religious Narratives in Italian Literature after the Second Vatican Council Jenny Ponzo 2019-03-18 This book presents a semiotic study of the re-elaboration of Christian narratives and values in a corpus of Italian novels published after the Second Vatican Council (1960s). It tackles the complex set of ideas expressed by Italian writers about the biblical narration of human origins and traditional religious language and ritual, the perceived clash between the immanent and transcendent nature and role of the Church, and the problematic notion of sanctity emerging from contemporary narrative.

The Moon Maria Mondin 2014-03-09 Introduction Written by the illustrator Barbara Pelizzoli Recently my mother invited me to illustrate a children's poem. After reading the manuscript, those starry nights when my mom would recite this poem to us children, came back to mind. I never tired of listening to it as the poem always enchanted me. It is with great honor that now, after many years, I present to this generation a timeless poem. I humbly portray these sweet words with my art, hoping to inspire tenderness in the souls of the youngsters and bring them beautiful dreams in these starry nights. This poem, so dear to me, it is now for you. "The Moon" by Mamma Maria My children dear, come close, come near. I want to tell you why from up in the sky the Moon's face so bright shines
